At Home of L. N. Baker

## SUBJECT, VISIT TO ALGIERS

Club Studying Africa Made the Talk and Experiences of Mr. Sharp Interesting

The Art club and a few invited guests met at the home of Mrs. L. N. Baker on State street, Wednesday evening, December 10th, to hear Mr. L. A. Sharp give a talk on Algeria.

Since the club is studying Africa, Egypt and its Monuments, and Australia, it was a great privilege to have one who had been in the city of Algiers to give us such an interesting paper and talk as did Mr. Sharp.

His remarks were supplemented by views which added to the enjoyment of those present. To all who know Mr. Sharp, the quality of the evening's entertainment was assured and their anticipations were amply fulfilled.

The Misses Annette McLaren and Sena Potter also gave very interesting papers on three African explorers, Livingston, Stanley and Gordon.

## DEATH OF MISS MURRAY.

Miss Lillie Murray, who has been an invalid since a small child, died at her home in Ithaca, Friday, December 12, after an operation for hernia. She was the daughter of George and Jane (Knapp) Murray, who both passed away some years ago. Miss Murray has been a patient sufferer, and preferred to remain at her home in Ithaca, after her parents' death, rather than live with relatives, who were desirous of looking after her welfare.

Services were held at the late residence Saturday afternoon, and the remains were taken to South Lyons, where interment was made beside her father and mother. Miss Murray was 56 years of age.

## JOHN BAILY DEAD.

John Bailey, an aged man, passed away at his home in North Star township, Monday, December 15th. Funeral services will be held December 18th.

One daughter, Lucella, died at the age of nine months, and two of the sons, George H. and Burr J. are dead. Corrie, wife of William Benson, and Charles W., both living in Lafayette township, are the only surviving children.

Mrs. Godley has been in ill health for a number of years, and has been confined to the bed for about a year, and passed away Tuesday evening, December 9, 1913, aged 67 years and nine days. Her husband passed away in 1905. She leaves three sisters and one brother in New York.

## CHORAL CLUB CONCERT

In College Chapel Tuesday Evening, December 9th

## PROF. R. F. VEATCH CONDUCTOR

Choruses From Operas—Audience Applauded Enthusiastically

A more appreciative audience never gathered in the college chapel than the one which greeted the Choral Club last week Tuesday evening.

The program consisted of the more popular choruses from well known operas, solos and a trio.

The first chorus was the "Waltz Song" from Faust, which with its swaying, almost intoxicating rhythm captivated the audience at once. Following this was the "Miserere" from Il Trovatore. The soprano and tenor solos were taken by Miss Fuller and Mr. Fannell in the duet between the lovers and the chorus of ladies' voices sang the "Miserere" which foretold the doom awaiting the prisoner at dawn. The "Sextette" from Lucia de Lammermoor with its beautiful harmonies and dramatic character came next, and the "Bridal" chorus from Lohengrin was given with splendid effect.

The March of the Toreadors from Carmen vividly portrayed the throng anxiously awaiting the appearance of the Toreadors, ready for conflict in the Spanish arena. The last number was the ever popular "Soldiers' Chorus" from Faust and with its thrilling martial air was perhaps even better rendered than the preceding choruses. Almost with one exception the applause was so great that the numbers were repeated.

In addition to the choruses, Miss McGreeham sang "My Heart at Thy Sweet Voice" from Samson and Delilah; the trio from the Rose Maiden, "Hast Thou Wandered" was delightfully sung by Miss McGreeham, Miss Fuller and Prof. Veatch. "Far from the Summer Blossoms" also from the Rose Maiden was made more beautiful when the cantata was given last season by Mr. Fannell's interpretation.

To make the program still more interesting a synopsis of the operas from which the choruses were taken was given by Prof. G. Y. Warner.

Much of the success of the concert was due to Miss Thos. Ambsbury, the accompanist and to Prof. Veatch who has so well and carefully trained the chorus.

Pursuant to the decision of the voters of Cadillac at the polls a commission form of government will be established in that city Monday, Mar. 2, 1914. Meanwhile on the second Tuesday in February a mayor and four commissioners, one from each ward, will be elected to take charge of the business of the city. The city charter was adopted by the majority vote of 103.

Lawyers Giddings and Clark of St. Louis were in Alma Friday on professional business.

Dr. Peterson also showed how humanity was trying to ally this great social evil by establishing schools, etc., such as the State school at Coldwater, and the Infants' home at St. Joseph. He remarked also that the state has an agent in every county engaged in uplifting these conditions, finding homes for these homeless children and trying to save the girls.

His address was given in the most choice language and diction and the high moral value of the lecture is of the greatest importance, and the lecture should have been attended by far more than were present. Ignorant prejudice kept many away when it would have been of the most benefit to them. Dr. Peterson spoke before the doctors of the city in the Wright House during the morning and his talk was splendid. After the talk the doctor enjoyed dinner at the hotel.

VERY ABLE ADDRESS

By Dr. Peterson at High School Auditorium Thursday Evening

Dr. Peterson, professor of obstetrics and gynecology in the University medical school at Ann Arbor, who is recognized as authority in his chosen profession throughout the West, gave a lecture in the high school auditorium last Thursday evening on the subject: "Rights of the Unborn Child." He showed among other things that to destroy the life of an unborn child is a crime against the interest of state, because the state has guarded the life of the child by sufficient statutes and laws whereby the act is made manslaughter. He also talked about the deplorable results and the horrible conditions now existing in our country; he proved by statistics the frightful prevalence of illegitimacy, stating that out of five hundred cases at the University of Michigan hospital, three hundred and ninety-five were girls between the ages of thirteen and seventeen, or in other words, girls who were young and easily misled and who were ignorant of facts which their parents should have told them instead of waiting for them to find them out by actual experience.

Dr. Peterson also showed how humanity was trying to ally this great social evil by establishing schools, etc., such as the State school at Coldwater, and the Infants' home at St. Joseph. He remarked also that the state has an agent in every county engaged in uplifting these conditions, finding homes for these homeless children and trying to save the girls.

## THE WOMEN'S CONTEST

Held In College Chapel Last Friday Evening

## LOIS MAY GIVEN FIRST PLACE

Girls of the Freshman Class Prove Good Orators

The Annual Women's Oratorical Contest of the Freshmen's class took place last Friday evening in the college chapel. Four young ladies took part in the contest which was one of the best ever given by the women of the college.

Miss Adelaide Ballow spoke first on the subject, "International Peace" and contrasted the horrors of war with the blessings of peace and told of the great need of international peace. The second oration was given by Miss Zulu Walters on "Social and Fraternal Conditions of the American Working Girl." The subject was well presented.

Miss Bernice Ireland followed with the subject "Protection of Women in Industry," Miss Ireland's delivery and appearance were pleasing and her subject was made very interesting.

Miss Lois May with the oration "America for Americans," came last on the program. Her subject which dealt with the immigration problem was a vital one. She told of the dangers accruing from the flood of foreigners invading the country and offered as a solution to the problem the regulation of immigration allowing only the better class of people to enter the ports. Miss May made an exceptionally good appearance and her delivery was effective and convincing.

The three judges, Miss Olive Smith, Rev. J. F. Jackson and Rev. T. G. R. Brownlow, all awarded Miss May the first place. The Misses Bonnie Fuller and Florence Rozema opened and closed the program with music.
